3.登入後有相關頁面可供參考

The screenshot shows the homepage of the Adaptive Learning system. At the top left is the logo for the Ministry of Education's Adaptive Learning platform. The top right navigation bar includes links for Home, My Tasks, Course Learning, Learning Assistance, and Personal Information, along with a notification bell icon showing 0 new messages and a Logout button. The main header area displays a welcome message: "歡迎光臨！您是 []，身分：學生。". Below this are three progress indicators: "New Hand Guide" (with a person icon), "Watch Introductory Video" (checked), "Complete First Practice" (checked), and "Complete First Assessment" (checked). Two main content cards are visible: "Knowledge Structure Learning" (Knowledge Structure Learning) with a "View" button, and "Smart Adaptive Diagnosis" (Wisdom Adaptive Diagnosis) with a "View" button. The diagnosis card features a colorful flowchart with levels from 4 to 6.

4.點選課程學習→課程列表

This screenshot shows the same website interface as above, but with the "課程學習" (Course Learning) menu item highlighted in the top navigation bar. A dropdown menu is open, showing three options: "課程列表" (Course List), "知識結構" (Knowledge Structure), and "互動學習" (Interactive Learning). The "課程列表" option is currently selected and highlighted in green. The rest of the page, including the header, progress indicators, and main content area, remains the same as in the previous screenshot.

5.一進頁面即可點選相關科目

The screenshot shows the top navigation bar of the 'Adaptive Learning' website. The logo on the left includes the text '教育部 因材網 Adaptive Learning'. On the right, there are links for '首頁', '我的任務', '課程學習', '學習扶助', and '個人資訊'. Below the navigation bar, a horizontal menu allows users to select a subject: '國語' (with sub-options 'HK Math(EMI)', '日文'), '數學' (with sub-options '國語108', '自主學習'), '自然' (with sub-option '數學108'), '高中數學' (with sub-option '自然108'), and '香港數學(中)' (with sub-option '英語108'). On the left side, there is a sidebar for course selection with '學年度' set to '108', '請選擇年級課程' set to '預設 2 年級', and '請選擇版本' set to '能力指標'. A red announcement banner reads: '新課綱公告：配合108課綱教材，1年級及7年級的相關教材請選擇國語108、數學108'. Below the banner are three blue buttons with radio icons and arrows: '識字與寫字能力', '閱讀能力', and '寫作能力'.

6.即可針對所屬的年籍和科目進行練習

This screenshot shows the 'Adaptive Learning' website with the '數學' (Mathematics) subject selected. The subject menu now highlights '數學' with sub-options '國語108' and '自主學習'. The sidebar on the left shows '學年度' as '108', '請選擇年級課程' as '預設 2 年級', and '請選擇版本' as '南一'. The red announcement banner remains the same. Below the banner, the page is divided into '上學期' (Upper Semester) and '下學期' (Lower Semester) sections. Each section contains a grid of blue buttons with radio icons and arrows, representing different practice topics. The '上學期' section includes: '數到300', '二位數的加法', '幾公分', '二位數的減法', '容量', '乘法(一)', '幾點幾分', '乘法(二)', and '重量'. The '下學期' section includes: '數到1000', '加加減減', '幾公尺', '乘法(一)', '年、月、日', '平面圖形', '乘法(二)', '分東西', and '面的大小與立體'.

7.可點選所要加強的單元做練習
